

TERRIFIC NEW THEATRE announces auditions for its production of:

ALL NIGHTER

By Natalie Margolin

Directed by: A. Jordan DeWitt

Scenic Design by: Ashley Woods

SHOW SYNOPSIS:

It's finals week at a small liberal arts college in rural Pennsylvania. A tight-knit group of roommates pulls one last all-nighter to complete their final assignments, with only five days left of their senior year. Holed up in an old ballroom, the hours pass, the pressure mounts, the Adderall flows, and the truths that have always bound this group together are put to the test. What will be left when the sun rises?

ALL NIGHTER, which was just on Broadway from Feb. 2025 to May 2025, in a 12-week, limited run, starred Havana Rose Liu, Alyah Chanelle Scott, Kathryn Gallagher, Kristine Froseth, and Julie Lester.
